Effective management of EMDIS search results

- **Problem:** EMDIS search engines produce a lot of search results updates
- **Goals**
 - we don't want to check search results every day
 - we want to see only **important** changes of search results

➔ **System announces important match list updates**

➔ **New attributes of donors (hints)**

➔ **History of changes of a donor**

FAQ – matching preferences

- How do I get results just from one registry?
- Why don't I see CBUs in the results?
- Why don't I see a donor that I see in BMDW?
- How to get MM donors?
- What is the difference between mismatch and antigen mismatch?
- How to get a specific donor?
- Why do I get a donor that doesn't fit the matching preferences?
